

**Learning together,
building for the future**

Home Learning Survey

June 2020

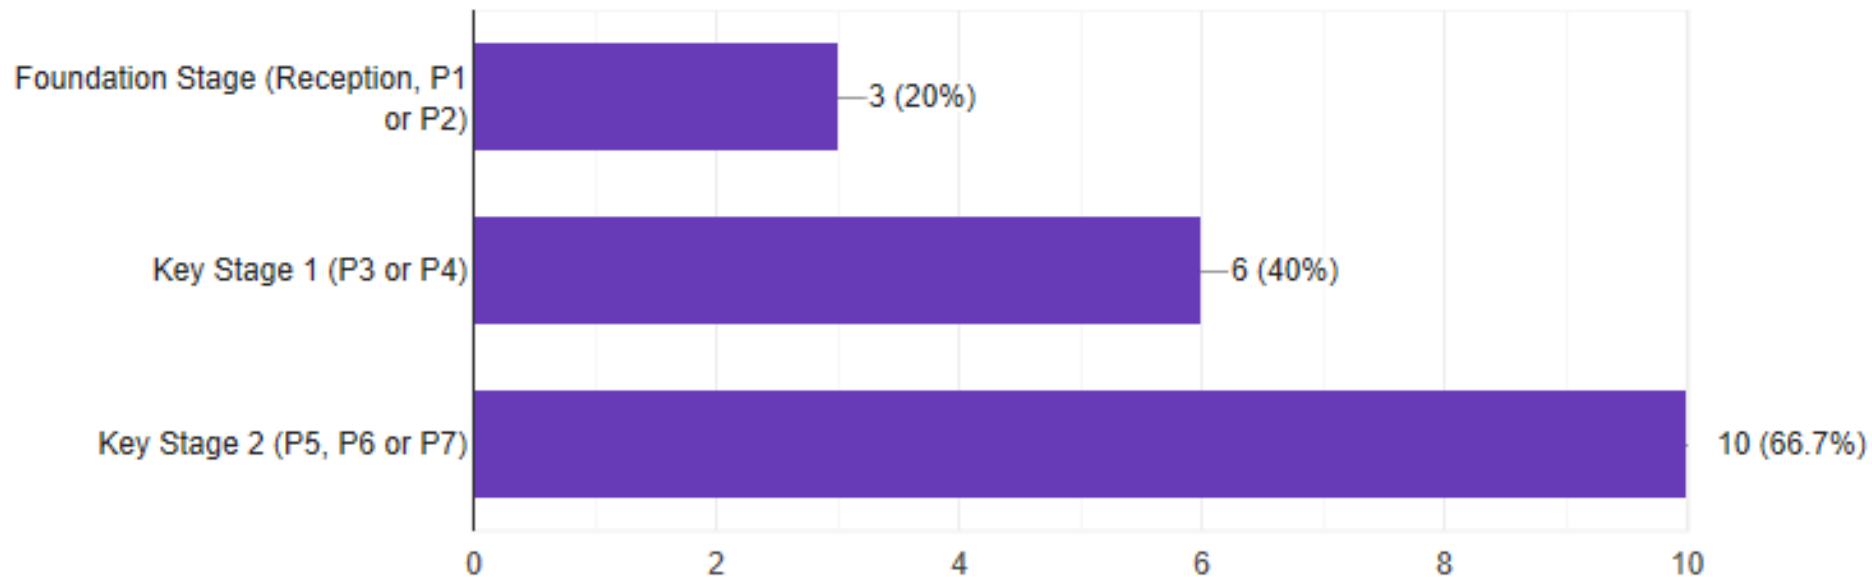

Question 1

Learning together,
building for the future

Please select all that apply- I have a child(ren) currently in:

15 responses

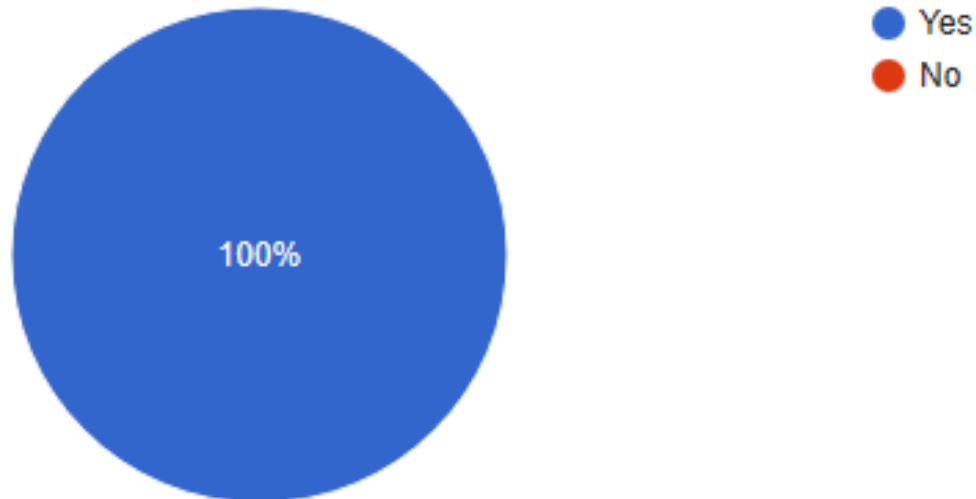

Question 2

Learning together,
building for the future

During lockdown, my child has been able to access an internet connected device (e.g. Home computer / laptop / tablet / mobile phone) to complete online work

15 responses

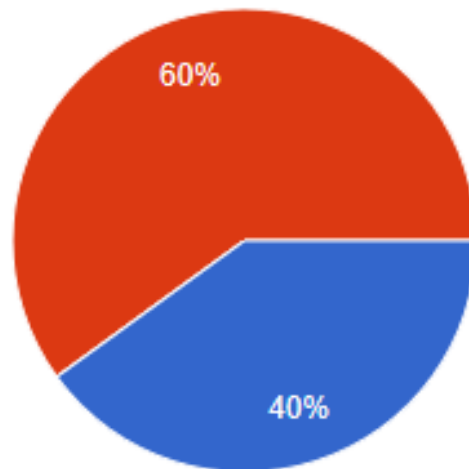

Question 3

Learning together,
building for the future

We have had to share an internet connected device (e.g. mobile phone / tablet / laptop / computer) between 2 or more children to complete work

15 responses

- Yes
- No
- My children have not had access to a phone / tablet / laptop or computer

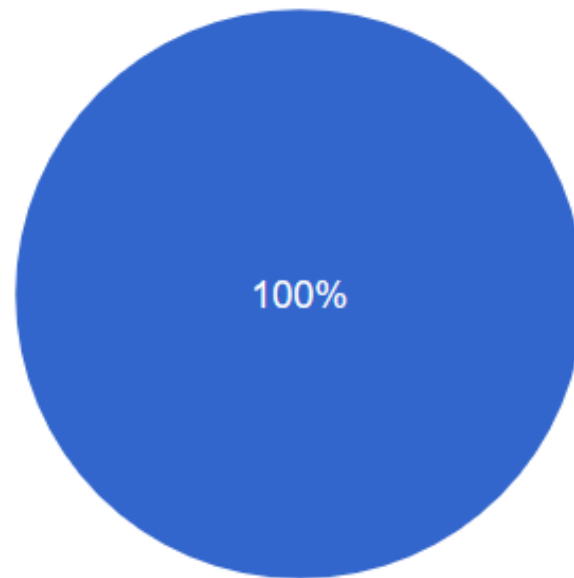

Question 4

Learning together,
building for the future

At the beginning of lockdown, I received 'Home Learning' packs for my children

15 responses

● Yes
● No

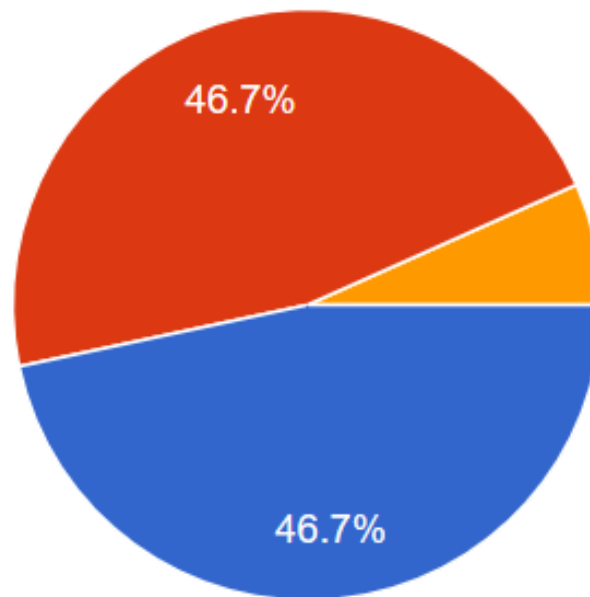

Question 5

Learning together,
building for the future

The initial 'Home Learning' pack was...

15 responses

- very useful
- somewhat useful
- not very useful
- not at all useful

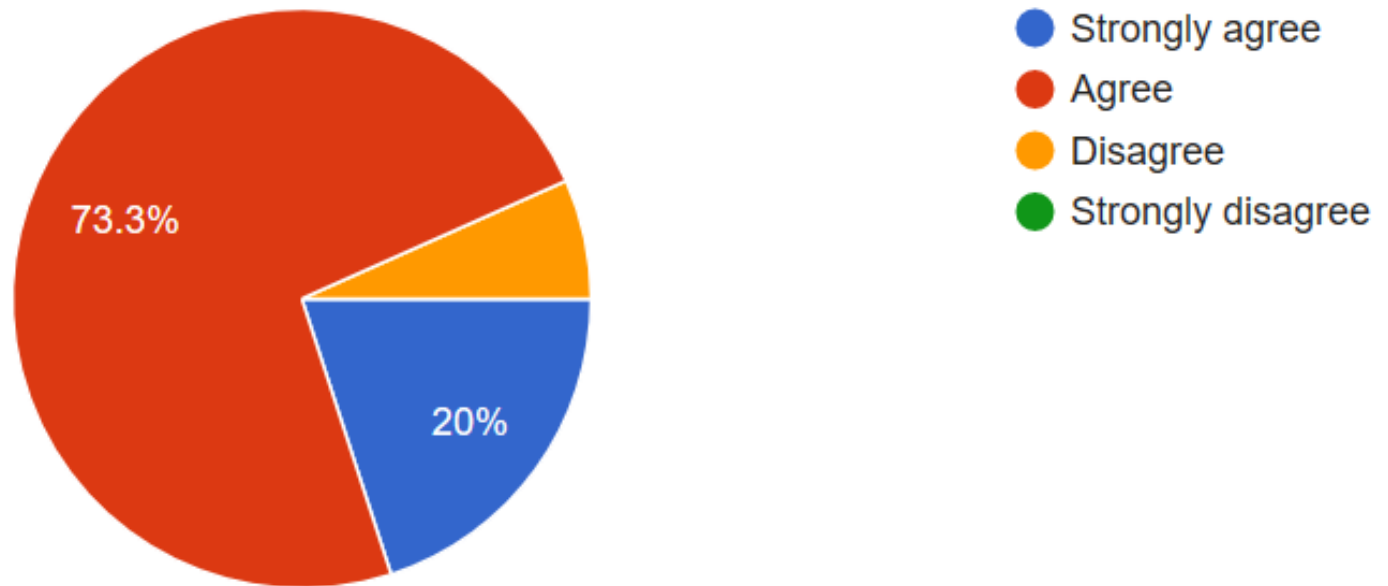

Question 6

Learning together,
building for the future

My child was motivated by the 'Home Learning' pack

15 responses

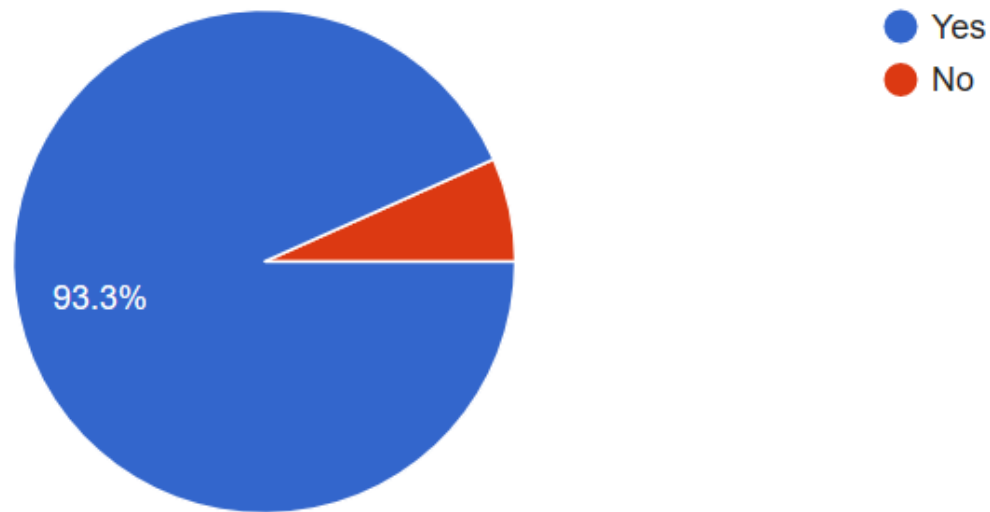

Question 7

Learning together,
building for the future

During lockdown, my child's teacher provided usernames and passwords to online learning opportunities e.g. Bug Club Reading, Times Tables Rockstars, C2k services, Seesaw, Google Classroom

15 responses

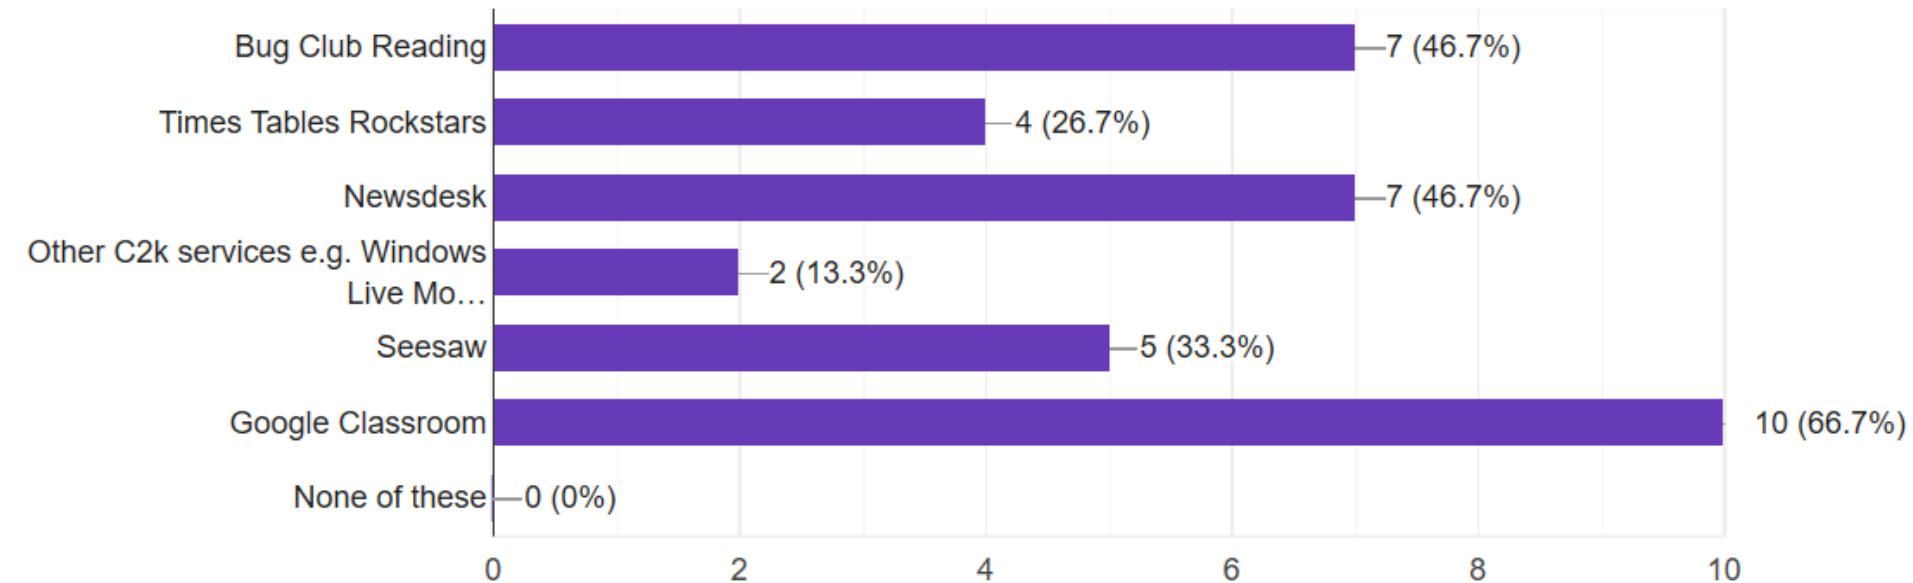

Question 8

Learning together,
building for the future

Please select all that apply- During lockdown, my child has used the following online resources provided by school:

15 responses

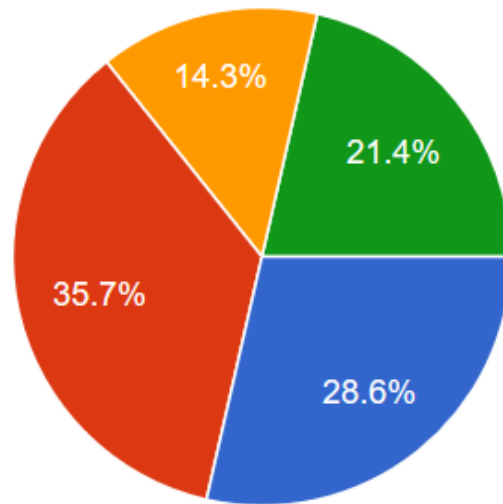

Question 9

Learning together,
building for the future

My child was more motivated and engaged by online learning tasks than the 'Home Learning' materials provided in packs

14 responses

- Strongly agree
- Agree
- Disagree
- Strongly Disagree
- N/A- we didn't use both online AND home learning packs

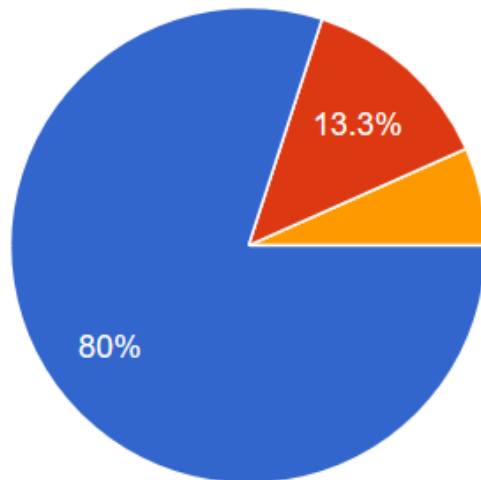

Question 10

Learning together,
building for the future

My child was provided with feedback regarding work submitted online through Seesaw or Google Classroom

15 responses

- Yes
- No
- N/A- we didn't use Seesaw or Google Classroom

Question 11

Learning together,
building for the future

Your opinions of Seesaw would be welcomed in the space below e.g. Ease of use / How beneficial this form of contact with the teacher was / If you felt this resource helped your child...

6 responses

I found this very good for my child and myself as a parent. Easy to use and great for response

Could not print off work from seesaw and my child did not like trying to complete the online poorly photographed tasks.

Very good, easy to use, feedback from teacher a bonus.

Sometimes hard to read. At start pretty poor but got better as time went on.

Not great on android or tablet. Freezes. Always asked to update software. Ok for teacher to post photos but not online work. Drawing feature doesn't work well, no option to extend screen when zoomed in - my child can't complete the work. Notification beep constantly with no option to turn this feature off. Would work better on PC or Laptop but don't have one.

Question 12- Part A

Learning together,
building for the future

Your opinions of Google Classroom would be welcomed in the space below e.g. Ease of use / How beneficial this form of contact with the teacher was / If you felt this resource helped your child...

11 responses

Our child has found Google Classroom really useful and has really enjoyed being able to see his teachers comments back on his work. This has definitely improved the quality of his work

I find google classroom easy to manage and my child can work round it independently. I feel, should we have been using it from the start of lockdown we would of had the opportunity to get into a better routine.

Foolproof, easy to use, easy to edit on or print from. Quick responses from class teacher regarding feedback of pupil's work.

Complicated. Lot of work around to upload completed work. However good to receive feedback from teacher.

The interaction with Mr Irwin through google classroom has been beneficial
We can work through the work at our own pace and hand in as each piece is done

Question 12- Part B

Learning together,
building for the future

Your opinions of Google Classroom would be welcomed in the space below e.g. Ease of use / How beneficial this form of contact with the teacher was / If you felt this resource helped your child...

11 responses

Easy for parent and child to use & feedback/comments from teacher invaluable. Having deadlines for work & knowing the work would be read by the teacher helps to motivate the child & support the parents. The ability to support a variation of methods to complete & present work eg written, photos, spreadsheets, incorporating IT into schoolwork tasks.

The videos where really helpful as they made sure I was teaching the correct way and not confusing my son and the feed back and praise from his teacher motivated him to do more

It's handy and understandable

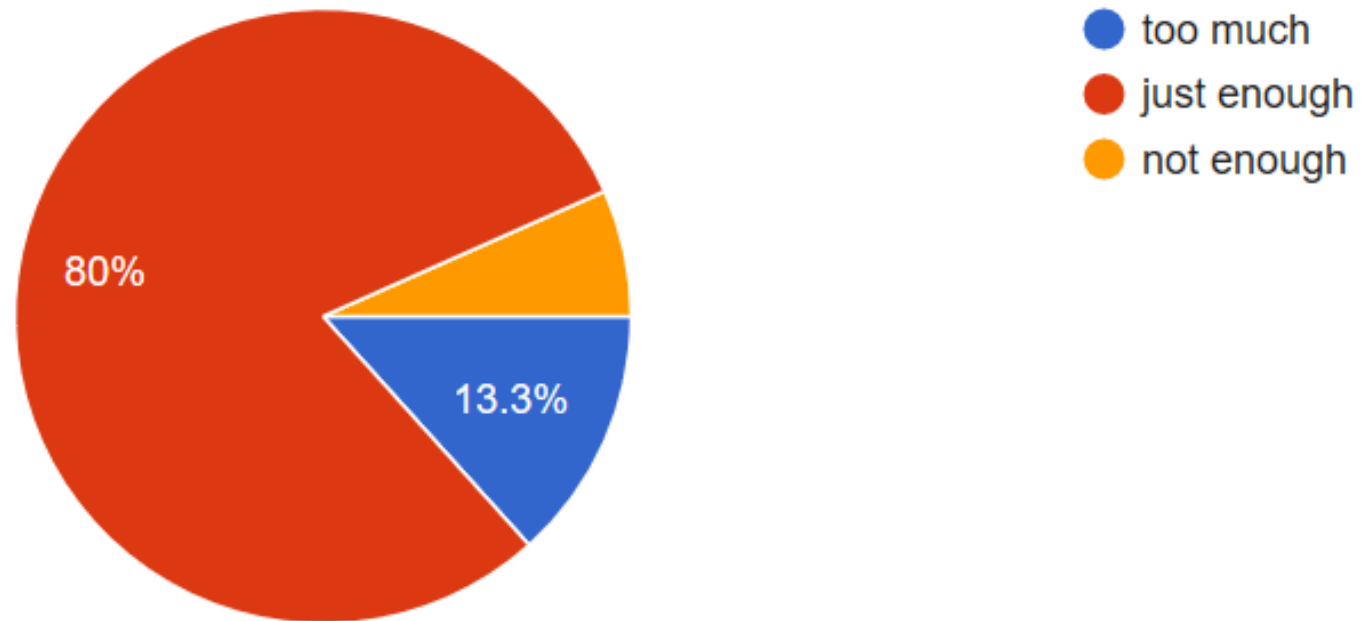

Question 13

Learning together,
building for the future

The volume of work provided during lockdown has been...

15 responses

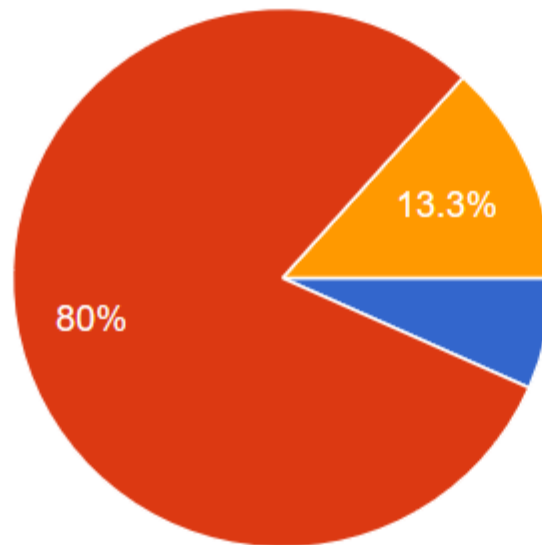

Question 14

Learning together,
building for the future

The difficulty of the work set during lockdown has been...

15 responses

- too challenging
- challenging but achievable
- not challenging enough

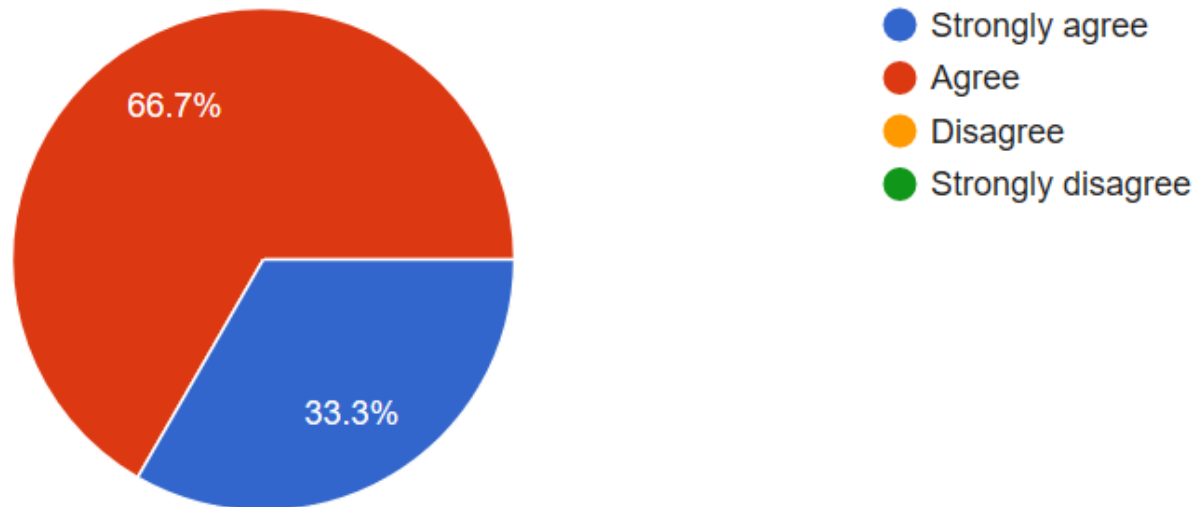

Question 15

Learning together,
building for the future

I am more aware of my child's academic strengths and the challenges they face as a result of lockdown

15 responses

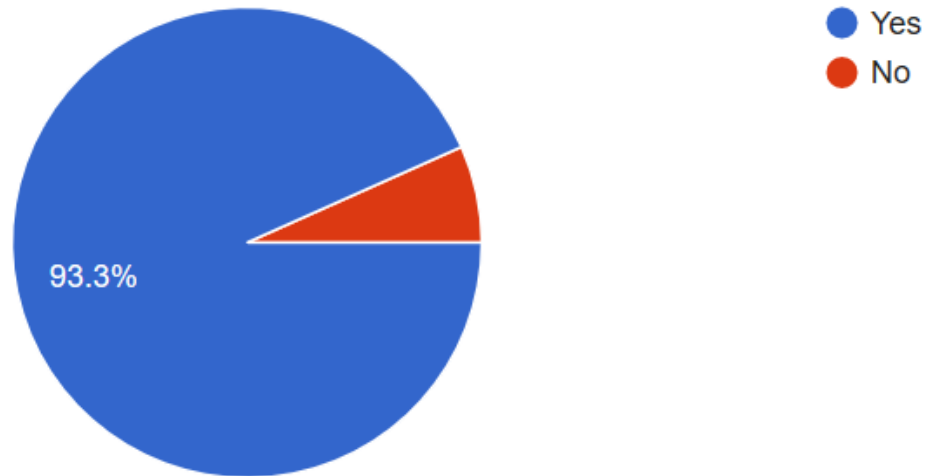

Question 16

Learning together,
building for the future

I was provided with an email address for my child's teacher(s) to enable me to contact them directly

15 responses

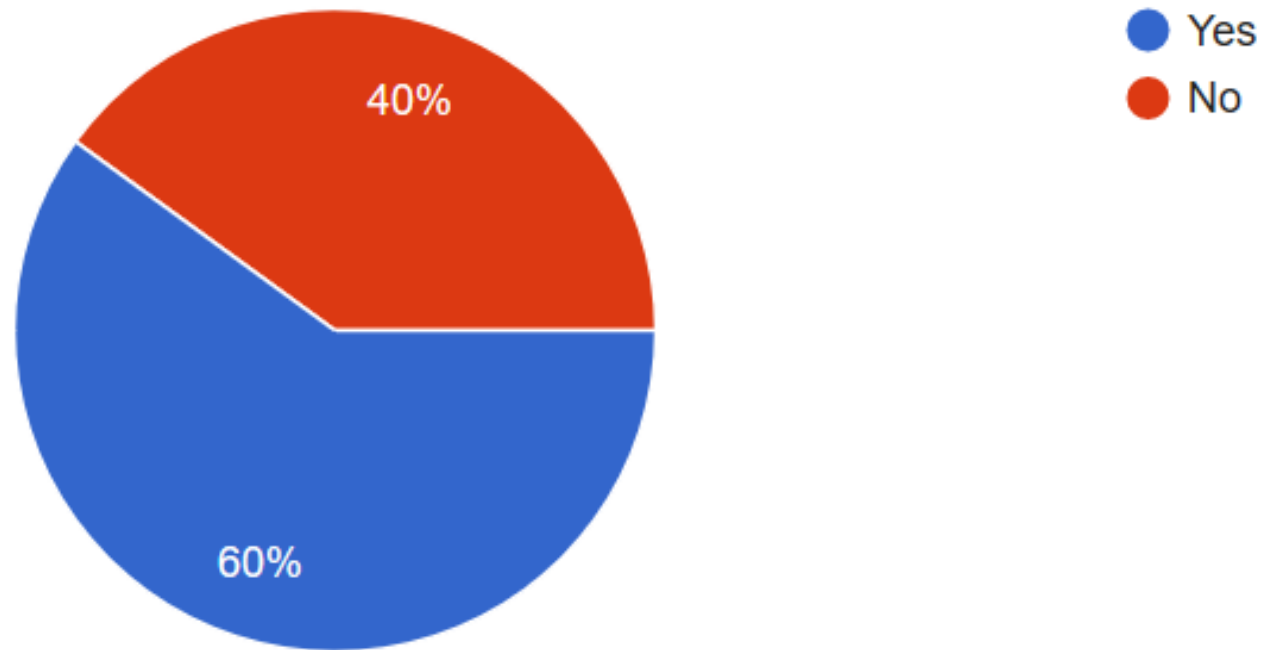

Question 17

Learning together,
building for the future

During lockdown, I made contact with my child's teacher(s) e.g. by email

15 responses

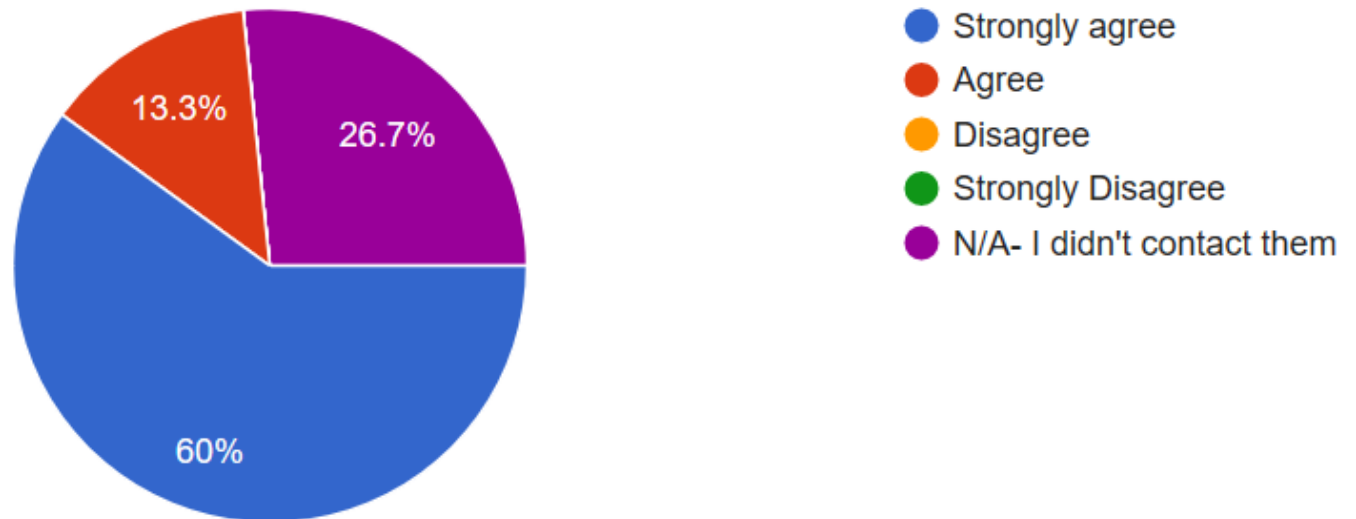

Question 18

Learning together,
building for the future

I received a timely and helpful response to my questions or queries from my child's teacher

15 responses

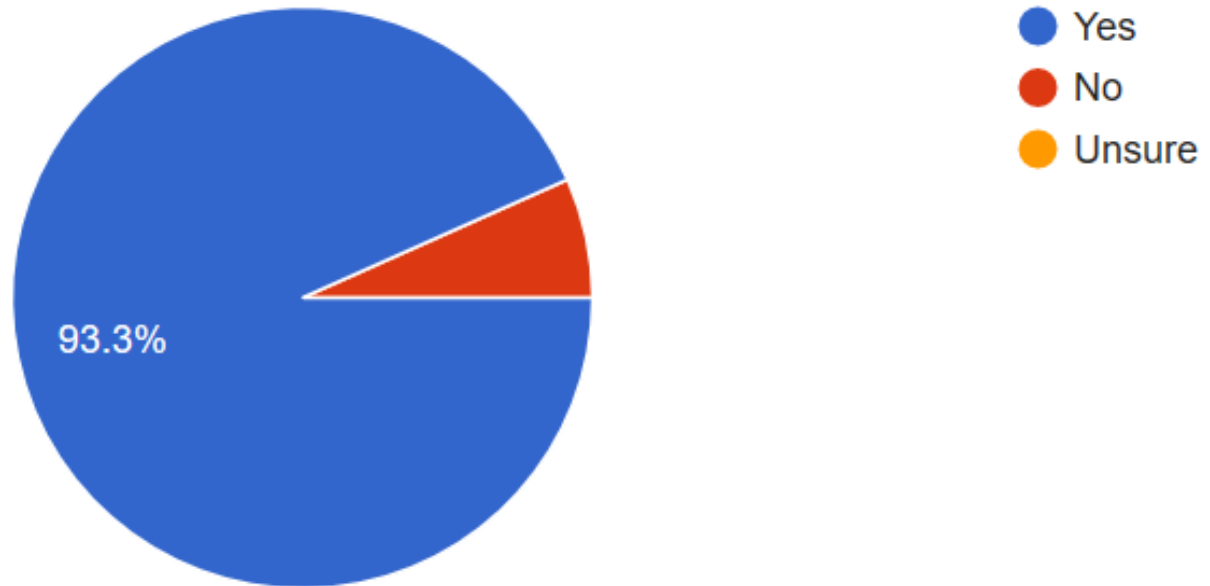

Question 19

Learning together,
building for the future

During lockdown, I received calls / voicemails / had a missed call(s) from school

15 responses

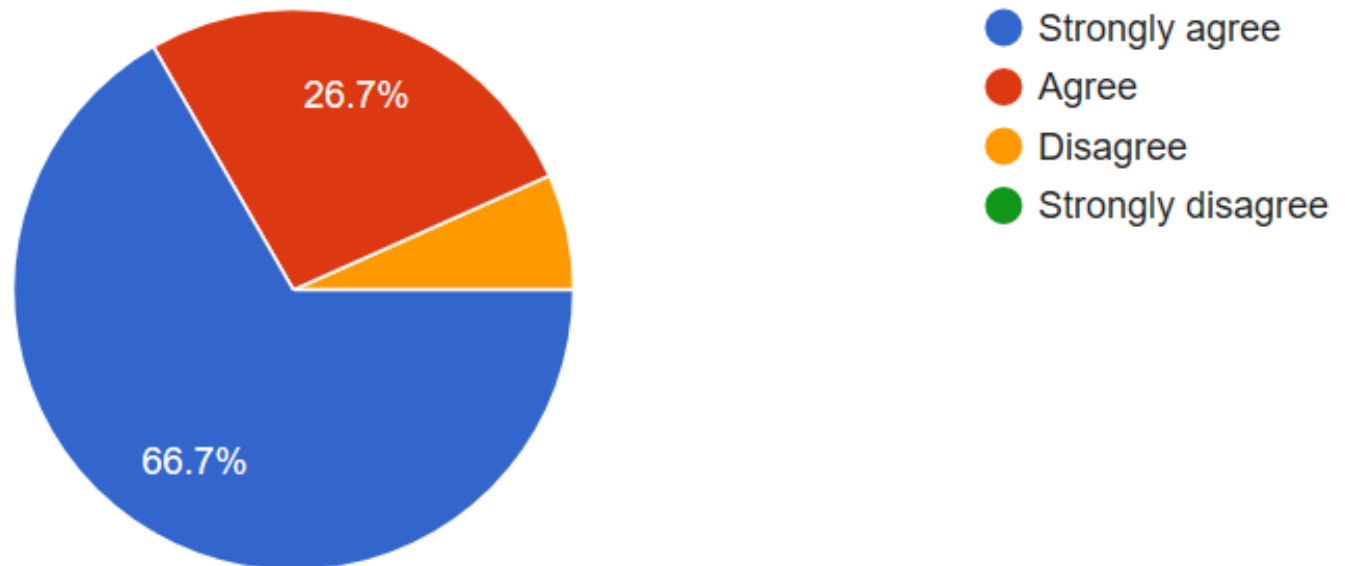

Question 20

Learning together,
building for the future

I feel that school has shown that it cares about my child and my family

15 responses

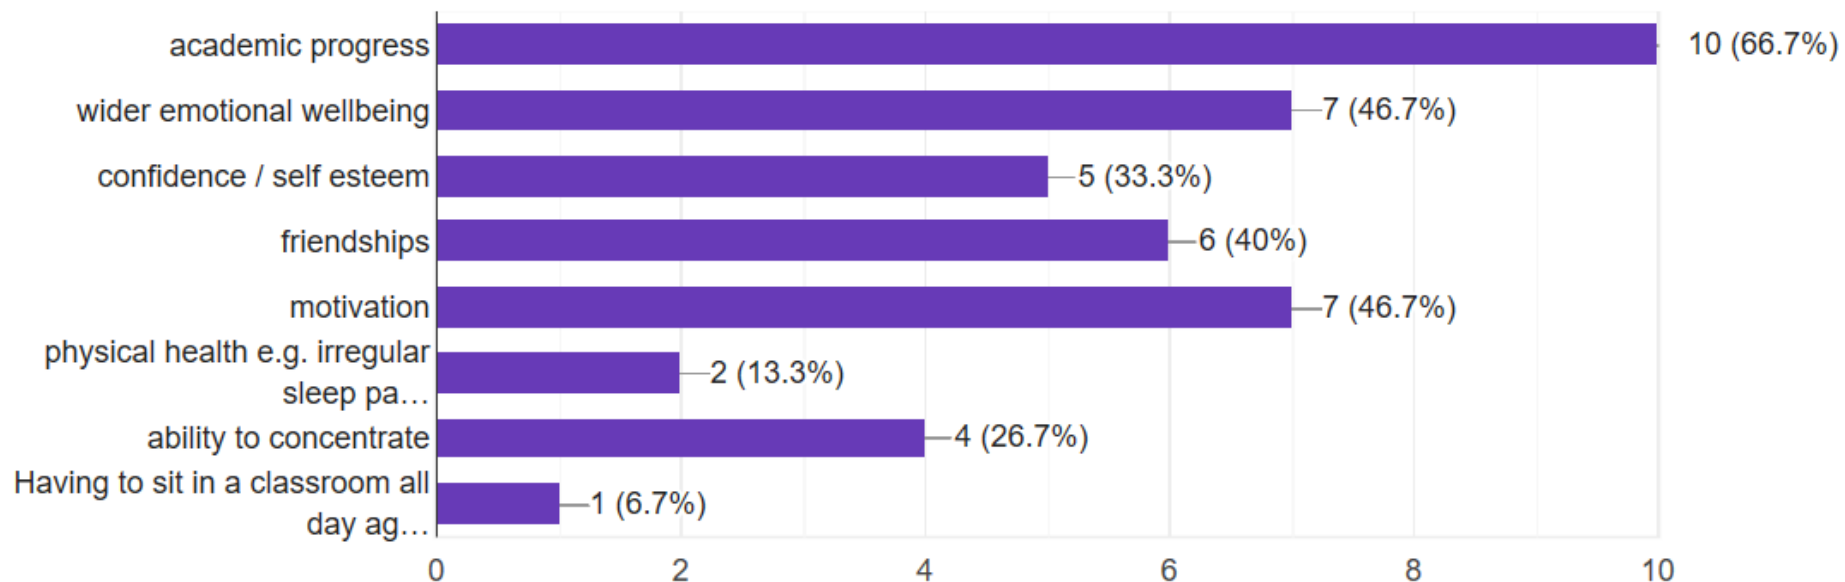

Question 21

Learning together,
building for the future

Please select all that apply- I am concerned that lockdown will have impacted my child's...

15 responses

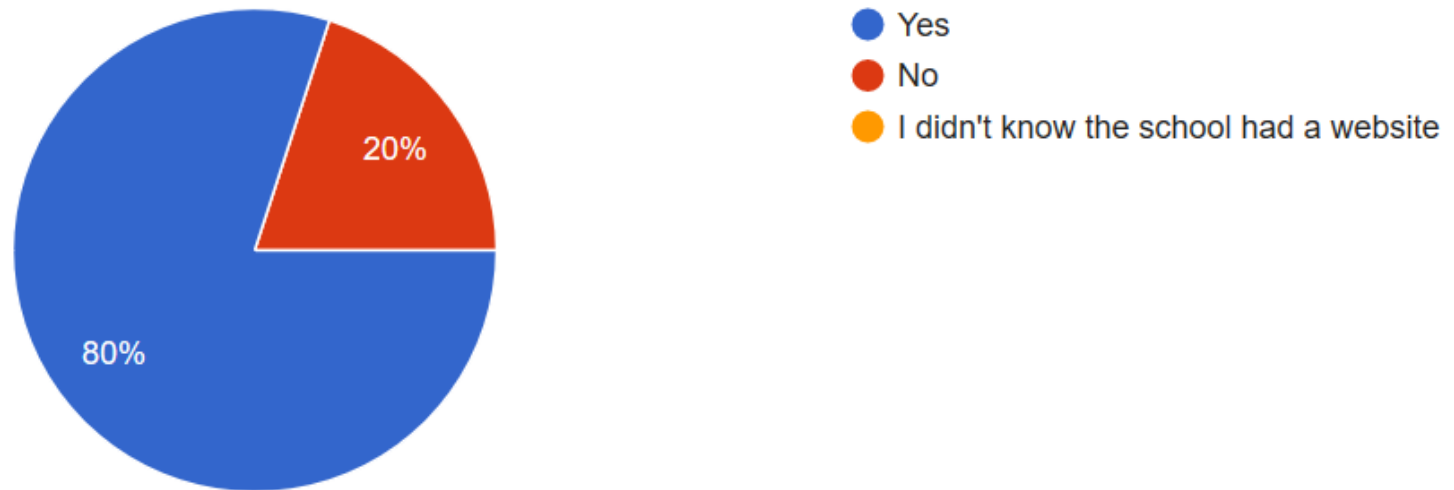

Question 22

Learning together,
building for the future

During lockdown I checked the school's website for updates / information

15 responses

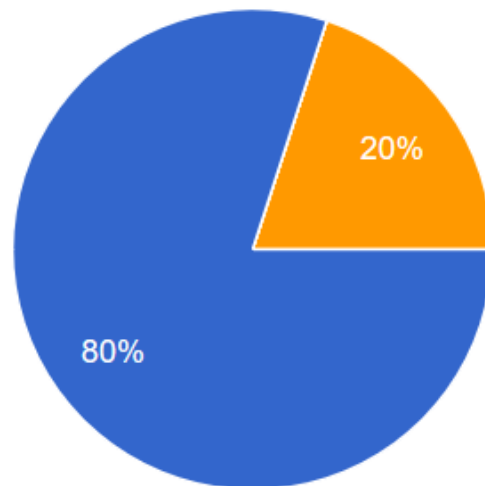

Question 23

Learning together,
building for the future

During lockdown I checked the school's Facebook page for updates / information

15 responses

- Yes
- No
- I don't use Facebook
- I didn't know the school had a Facebook page

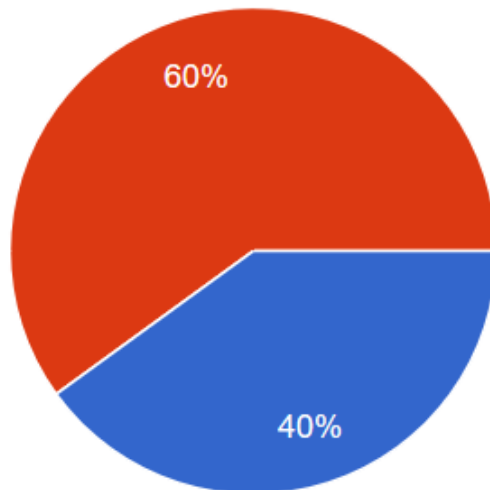

Question 24

Learning together,
building for the future

If 'Blended Learning' (a mixture of 'in-school' and 'home-school' learning) is required in August / September, I would prefer...

15 responses

- Home Learning Packs e.g. printed materials sent home on paper
- Online materials provided through Google Classroom or Seesaw

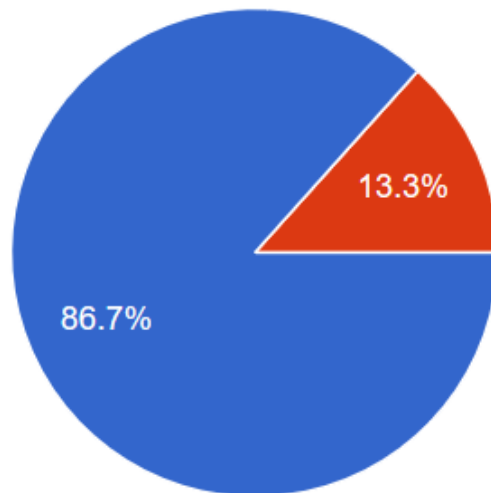

Question 25

Learning together,
building for the future

If 'Blended Learning' (a mixture of 'in-school' and 'home-school' learning) is required in August / September, I would prefer...

15 responses

- set days per week for my child(ren) to attend
- a 'one week in school' / 'one week at home' approach

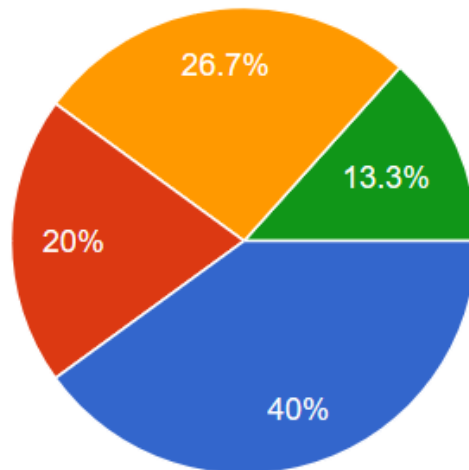

Question 26

Learning together,
building for the future

I would prefer homework being set 'online' (e.g. through Seesaw or Google Classroom) rather than on paper in future

15 responses

- Strongly agree
- Agree
- Disagree
- Strongly disagree
